 - Wisconsin State Fair will have limited amounts of feed and bedding for sale. Feed order forms can be found on www.wistatefair.com beginning in June. Advance orders are appreciated and can be mailed in with entries, faxed (414.266.7057) or called (414.266.7052) into the Wisconsin State Fair Entry Office **AFTER JUNE 15th**.

 - No animals are allowed at the designated Wisconsin State Fair off-site parking lots.
 - Animals deemed uncontrollable and unsafe to exhibit will be dismissed from the show ring and/or Wisconsin State Fair grounds. The three-strike rule is in effect if an animal gets away a total of three times in the show ring. Show Management retains the right to warn the exhibitor and dismiss any animal deemed unsafe or uncontrollable at any time. No prize money will be awarded if an animal is dismissed.

7) **Equipment:**

- **Fans:** The use of one fan no larger than 24" in diameter is allowed per animal. No other air movement device is allowed. Fans must be hung from the front wall, on either side of the animal. All fans must conform to the manufacturer's recommendations and Wisconsin State Fair safety regulations. No butt fans allowed.
- **Generators:** The use of portable power sources is permitted during show hours only. Generators must be kept outside the barns. When not in use generators must be kept in designated locations on the Fairgrounds.
- **Extension Cords:** All cords must meet Wisconsin State Fair and manufacturer's recommendations for safety. No cords are permitted to be in the aisles or in public areas (both above and on the surface) without being properly secured. Wisconsin State Fair Management retains the authority to determine what is acceptable.
- **Tack:** Show boxes, feed, bedding and other show equipment which is used for the care of livestock must be kept neatly in the designated area and out of the public aisles. It is important to keep all livestock and livestock housing areas orderly and safe to demonstrate a positive image of animal agriculture to the public.
- **Gas/Diesel/Propane Storage Containers:** Containers holding hazardous/flammable materials must be kept in the designated area north of the barns.

8) **Entering:**

Entry Classifications are as follows:

- **Mini Donkeys:** 36.00" or less at the withers. Must be registered with a national association.
- **Donkeys:** 36.01" or taller at the withers (includes standard, large standard and mammoth). Donkeys do not need to be registered with a national association.
- **Mules:** all heights will show together. Mules do not need to be registered with a national association.

Champion Classes: Only first and second place winners in the respective classes are eligible to compete for champion and reserve champion awards. All first-place animals are required to show in champion classes unless excused by the Superintendent.

Driving Classes: Driving classes are open to mules or donkeys unless otherwise stated. These classes are judged on the ability to provide a pleasant drive and execute proper driving commands. The animals will be asked to go in both directions at a walk, trot, road gait, back and stand quietly as directed. The judge may ask for individual workouts.

SkyGlider (In-Hand) Trail Run: The class is judged on manners and execution over and through a series of obstacles within a given amount of time. Animals must go over obstacles willingly and not be dragged over or through obstacles. The riding and in-hand trail classes may not be cross-entered.

Bareback Dollar Dance: The game is to played bareback. The ring steward will place a dollar bill under the back upper thigh of a rider. Once the bill is placed the rider may not touch it with their hands. Riding commands will be called out and the riders must follow the directions. Once the dollar flies out from underneath the rider, they are eliminated from the game and must report to the center of the show ring. The last rider with their dollar in place wins.

Flag Race: Timed event. The flag race will be the same set up as a barrel race with a 5-gallon bucket sitting on the outside edge of the two barrels nearest the start/finish line. Each bucket on the outer edge of the barrel is filled with sand within 2" of the top of the bucket. A flag is placed standing upright in the sand at the outer edge of one of the buckets nearest the start (either bucket depending on the rider's preference). The competitor rides to the barrel containing the flag, removes the flag, continues riding around the far barrel and on to the third barrel with the bucket on it, places the flag in the bucket of sand and continues to the finish. The flag must remain standing upright in the bucket. A knocked down barrel, dropped flag, flag falling out of the bucket, flag not standing up in the sand or a broken pattern results in disqualification. Hitting the animal with the flag will result in immediate disqualification. Fastest time wins.

Keyhole Race: Timed event. The keyhole is set up as a 20' diameter circle of barn lime with a 4'6" inch wide opening facing the start line. Two 10' long parallel lines of barn lime extend from each edge of the opening in the circle toward the start/finish line. The competitor rides into the circle through the entry/exit, turns around in the circle and goes back out through the entry/exit to the finish line. Stepping on or outside a line will result in a disqualification. Fastest time wins.

CheeseHead Mambo: Each exhibitor will wear an official Wisconsin State Fair proved Foam cheesehead. On the top of the cheesehead will be a grilled cheese sandwich and a milk container. The judge will make timely announcements on how to effectively ride your animal while trying to maintain the sandwich and milk container on the top of the cheesehead. The class will go until there is only one exhibitor with either of the two items remaining on the top of the cheesehead.

Pole Bending: Timed event. 6 poles are set up in a straight line, each 20' apart and no less than 20' from the start /finish for the pole bending class. The rider may start on the left or right side of the poles. The competitor rides straight to and makes a U-turn around the end pole at the far end of the arena and weaves back through the poles, U-turns around the pole nearest the start, weaves back through the poles to the far end of the arena, U-turns around the furthest pole as the last turn and runs straight back to the finish line. A knocked down pole or a broken pattern results in disqualification. In trot poles, the trot gait must be maintained throughout to avoid disqualification. The arena judge's decision regarding broken gait is final. Fastest time wins.

Big T: Timed event. Competitors cross the timing line and pass the first pole on either the left or the right and then pass the next two poles on alternate sides; i.e. if the third pole is passed on the right side, proceed to the barrel on the left making a left turn and then a left turn around the other barrel. When returning to the timing line weave back through the three poles on opposite sides. The fastest time wins.

Cream Puff Race: One participant rides a straight line down to a barrel where a person on the barrel is holding a cream puff. The donkey must go around the barrel and the rider must grab the creampuff from the person on the barrel. Run to finish line with cream puff intact. The fastest time wins.

Wheelbarrow Race: Timed event with two team members required. One team member begins at the start/finish line and rides 70' to the blue barrels where their teammate is sitting in a wheelbarrow. The rider dismounts, hands the reins/lead to their teammate and pushes the wheelbarrow around the blue barrels and back to the start/finish line. If the reins are dropped or the person falls out of the wheelbarrow they must be re-situated before the wheel barrow can move towards the finish line again. The fastest time wins.

Novelty Costume Class: Judged 75% on originality and 25% on presentation to the judge. Creative/funny

costumes for both the animal and the exhibitor are encouraged. Exhibitor may lead or drive donkey.

Diaper Race: Timed event. Exhibitor leads their donkey/mule from start/finish line 70' to a barrel. Exhibitor takes a diaper from the top of the barrel and puts diaper on both legs and pulls it up to their midsection (knees to bellybutton). Exhibitor must run back to start/finish line leading donkey/mule. The fastest time wins.

9) **Showing:**

- Helmets - It is strongly recommended all exhibitors wear an ANSI approved hard helmet for all events. If any exhibitor chooses not to wear a hard helmet for any class, they (or the exhibitor's parent/legal guardian if under the age of 18) must sign a waiver of liability. Waivers are available online at www.wistatefair.com and in the Show Superintendent's Office during the Fair.

- In case of a timer failure, the competitor will be given a re-run. If there is a timer malfunction part-way through a class, the whole class will be re-run.

10) **Hi-Point Award (HPA):** All animals will accumulate points based on placings in designated classes (see class listing). Exhibitors do not need to pre-enter the Hi-Point class. An award will be presented to the highest point accumulator.

- **Points will not be awarded to animals which are disqualified, receive a no time, or do not successfully complete the first level in a "several-round" event. (ex. coon jump).**
- Mini Donkeys: Total points accumulated by a single donkey in both halter and performance classes. No additional points are awarded for Grand or Reserve Grand Halter Classes.
