

# 2018 WISCONSIN STATE FAIR JUNIOR GENERAL RULES AND REGULATIONS

## YOUTH PARTICIPATION

Youth ages 12-19 belonging to an approved youth organization are eligible to participate in the annual State Fair. Wisconsin State Fair will honor approved youth organization eligibility rules and guidelines which are more restrictive than current State Fair rules.

The responsibilities of each Organization sending participants include:

- 3) Inform all leaders and adult facilitators of Wisconsin State Fair policies, procedures, and rules.

## JUNIOR SHOW ELIGIBILITY

The YQCA certification program is a national education program built around foundational pillars of (animal welfare, food safety and character education) animal agriculture. ### **JUDGING**

- 1) Judges have been carefully selected. All exhibitors making entry for the Fair accept these judges and agree to abide by their decisions. It is prohibited for exhibitors to contact or attempt to contact a judge pertaining to judging of classes after the judge has accepted the assignment of judging at the Wisconsin State Fair. No exhibitor should socialize, fraternize, or visit with a judge during the show(s). If any exhibitor, exhibitor’s family member, employee, or adult facilitator attempts to interfere with the judge in any manner, the exhibitor shall forfeit all prize money awarded and may be excluded from

- further competition. The decision of the judge will be final in all cases. Judges will not be permitted to show in classes they are judging. Wisconsin State Fair reserves the right to change judges at any time.
- 2) A judging schedule is listed in each departments entry information although it may be subject to change.
  - 3) Exhibitors must show their own animals unless the Superintendent has granted prior approval. Approval may be considered for the following reasons: multiple animals in the same class, multiple animals in the show ring at the same time in different species, serious injury, or hardship. An exhibitor substitution form to request approval for another active (checked in and actively showing within the department) Wisconsin State Fair junior exhibitor to show the exhibition animal may be obtained from the Superintendent's office and must be submitted to the department Superintendent by 7 pm the day prior to the start of the show.

  - 6) Each animal shall be exhibited to the entire satisfaction of the judges. After a class has started no animal(s) shall be permitted to leave the ring before the entire class has been judged/placed without the approval of the judge. Upon final placing, exhibitors are requested to remain in position in line or parade while the Judge is giving his/her reasons. Any violation of this rule will cause forfeiture of all prize money won by the exhibitor.
  - 7) If only one exhibitor is competing in any class, the judge may recommend any placing at his or her discretion. Judges will not place unworthy entries.
  - 8) The decision of the judge will be final in all cases except where mistake, fraud, misrepresentation, or collusion not discovered at the time of the award is proven. The Agriculture Director reserves the right to consult with the Wisconsin State Fair Agriculture Committee on any or all cases.
  - 9) Should a first placed entry be disqualified after winning its class, but before its respective division championship, the second and third place animals will move up to first and second in the class and compete for champion in the division. If a second-place animal is disqualified, the third-place animal will move up. Should a division animal champion be disqualified after winning its division but before selection of Grand Champion, the reserve division champion will move up to champion and compete for Grand Championship. In this case, no attempt will be made to replace the division reserve champion. If a division reserve champion animal is disqualified, no shifting upward will occur and no attempt to replace the reserve champion will be made.
  - 10) Showmanship: to show in showmanship classes, the Junior must be an exhibitor in the department at the Wisconsin State Fair Junior Show. Exhibitors must exhibit his/her own animal entered and checked in for one of the individual classes. The same animal must be used in all heats and finals. To be a Junior exhibitor, the individual must pay an entry fee for an individual class and the animal must be checked in at the Fair.
  - 11) **Junior Exhibitor Conduct:** Wisconsin State Fair Management has the authority without liability or recourse to the Wisconsin State Fair Park Board to bar any exhibitor or his/her representatives in the event of a discourteous act to a judge or an official of the Fair, and will have the power to disqualify the entry/entries of said exhibitor. In the event of such disqualification, the exhibitor forfeits all fees paid as well as any prize money and awards won.

### **NONAMBULATORY/DECEASED ANIMALS**

Wisconsin State Fair will not allow exhibitors to unload animals that are non-ambulatory (i.e. downer) or unable to walk off the vehicle/trailer under their own power. The exception to this policy will be unloading the animal for euthanizing and/or disposal. If an animal becomes non-ambulatory after arrival at Wisconsin State Fair Park the following policies will be strictly enforced:

- 1) The owner of any animal which becomes non-ambulatory (unable to move under its own power) after arriving on Wisconsin State Fair Park grounds shall immediately notify the Department Superintendent.

The Superintendent shall immediately notify the Wisconsin State Fair Veterinarian and the Agriculture Director.

- 2) The contracted Wisconsin State Fair Veterinarian, Department Superintendent, Agriculture Director, and the owner/parent (or representative) of the animal in question will consult each other to come to the best decision for the animal with the emphasis being for the best welfare of the animal. Only the persons listed above who are available should be involved in the decision.
- 3) Livestock which become non-ambulatory after arriving at Wisconsin State Fair Park must be disposed of or removed for treatment within 12 hours of discovering or receiving notice of the animal's condition. If the animal is treatable and the above committee agrees, the owner must remove the animal from the Fair Park (at the owner's expense) within the 12-hour period. If euthanasia is determined to be the best option, it will be at the owner's expense.
- 4) If an animal dies while at Wisconsin State Fair Park, Fair Park management is responsible for coordinating the removal of the carcass from the Fair Park at the owner's expense.
- 5) Wisconsin State Fair management and/or contracted Wisconsin State Fair veterinarians reserve the right to test all non-ambulatory animals in instances where symptoms of contagious disease or suspected ethic violations are present. Testing will be done at the owner's expense.

Wisconsin State Fair Park's Livestock Premise Identification number is # 003G3P.
--

Livestock premise identification numbers are mandatory by state law for all locations where animals are housed in Wisconsin but providing this number is not mandatory to exhibit at Wisconsin State Fair.

Wisconsin State Fair believes producers who register their premises will be better informed to protect their premises and their livelihood. In turn, they will help prevent disease spread and minimize the economic damage of an animal disease outbreak or animal health event. Registering a livestock premise involves

obtaining an alpha-numeric identifier for the farm, ranch, veterinary clinic, or other site where livestock/fowl are handled, housed, managed, or processed.

When including the livestock premise identification number on the entry form please use the identification number for the location where the animal is primarily housed.

To register for a Livestock Premise Identification number, go online to [www.wiid.org](http://www.wiid.org).

Chutes **MUST** be placed in tack areas or other designated areas outside of the barn when not in use for fitting. Chutes are only allowed in the barn aisles 60 minutes before, during and 30 minutes after the shows.

- 17) Junior Show participants may not sell merchandise to Wisconsin State Fair customers (Fairgoers and exhibitors) out of their existing space assigned.
- 18) If a rule violation occurs which relates to animal identification (market of non-registered breeding stock), exhibitors will have an opportunity to file a DNA protest with the superintendent by paying a \$100 protest fee. The protest will mandate a DNA hair test which will be compared to the sample submitted at the initial identification. Exhibitors will be allowed to show, but prize money, awards and/or auction proceeds will be held until results of the DNA identification test are known. If the Fair DNA sample test matches the initial identification DNA sample, prize money, awards and/or auction proceeds and the initial \$100 protest fee will be awarded to the exhibitor. If the Fair identification DNA sample test results do not match the initial identification DNA sample on record, all prize money, awards and/or auction proceeds and protest fees will be forfeited. **The exhibitor will then be disqualified from participating at Wisconsin State Fair for the following two years.**

Additional Decision Procedures related to LIVESTOCK SHOWS/COMPETITIONS:

**Before an Animal is shown (i.e. - the actual competitive event):**

If Wisconsin State Fair Park Management suspects a violation of the Show Ring Code of Ethics and/or published Wisconsin State Fair rules/regulations will occur if an animal is shown, and the violation is reasonably well-established before the animal is shown, WSFP Management will discuss the potential violation and possible actions with the exhibitor; and:

- 1) if, at the exhibitor's discretion, the animal in question is not shown, no violation will have occurred.
- 2) if the exhibitor wishes to challenge WSFP Management's decision that a violation will occur/has occurred; the exhibitor will have the opportunity to submit an official protest and enter the WSFP decision review procedures. If the decision is upheld, the exhibitor will be denied the opportunity to exhibit the animal in question.

### **During and after an animal is shown (i.e. - the actual competitive event):**

All animals are subject to examination prior to, during and after judging. A violation may be considered because of failure to comply with guidelines, rules and regulations as established by recognized breed associations, the judge, and/or Show Management.

If an animal is exhibited and a violation is subsequently suspected, investigated, and determined to have occurred, the violation will be reported to the Agriculture Director for action. The WSFP Agriculture Director and other pertinent Show Management will notify the exhibitor of the violation at which time the exhibitor will be invited to present a response (verbal or written) to the allegations. Violations are subject to the disciplinary provisions of Show Management. Sanctions may include any one or a combination of the following:

- forfeiture or return of awards, prizes, prize money, or proceeds;
- written letter of reprimand to the owner, exhibitor, fitter or responsible person;
- disqualification of the exhibition livestock from an exhibition;
- disqualification of the exhibitor from the show;
- publication of offense (as these actions may be subject to open records review).

Disqualification may include any or all shows/classes for an indefinite number of years.

### **JUDGES, JUDGING AND/OR AWARDS REVIEWS:**

**Verbal complaints** are considered unofficial, may be received at any time, and do not require action by Staff, Superintendent or Management.

**Written Complaints** are considered official. The written complaint must clearly state the concern(s) and justifications. Written complaints will follow the "Written Complaints" protocol as listed above. Of special note:

- Written complaints pertaining to judge qualifications/potential conflicts of interest must be submitted in writing a minimum of two (2) weeks prior to the judging date. Judges are selected through a formal review process prior to WSFP issuing a service agreement. In consideration of this process, complaints based solely on unsubstantiated concerns questioning the competency of judges will not be considered. Parties involved will be notified and given the opportunity to submit evidence to the WSFP Agriculture Director whose decision is final and not subject to appeal.

**Protests and Appeals:** Protests and Appeals must clearly state the concern(s) and justifications. Protests and Appeals will follow the decision review protocol listed above. Of special note:

- Award protests must be submitted to the WSFP Agriculture Director within five (5) hours of the award being presented. An award is deemed presented when the notation of the decision is entered on the official judging sheets. Overturning a judging decision will only be considered if it is determined an award has been made in violation of the rules governing the exhibit.

### **ETHICS**

- 1) Exhibitors agree to accept all testing systems/procedures selected by Wisconsin State Fair to verify rule compliance.
- 2) Tampering, and/or inhumane treatment; and/or misrepresentation as to breeding, age, ownership, milk status of animals and any other irregularity in showing will be considered fraud and deception.
- 3) To maintain a high degree of confidence and integrity in the livestock shows, Wisconsin State Fair reserves the right to disqualify any animal fitted in an unethical manner and disqualify the exhibitor. Unethical fitting is prohibited and shall include any injection of gas, solid or liquid to alter the normal conformation. Treating the udder internally or externally with an irritant or other substance to artificially improve conformation is prohibited. Additionally, any cutting or tearing of the hide, cutting, or tearing underneath the hide or removal of tissue in any attempt to alter the shape or appearance is prohibited. Attempts to disrupt or change normal dental development, dyeing or coloring hair, adding artificial tail heads, switches, polls, hair, and heels, as well as any attempt to change the conformation and degree

of firmness by administration of fluids internally or externally in a liquid or solid state is prohibited. The use of clenbuterol is prohibited. Setting teats or manipulating a teat to alter its normal position such as to unnaturally hold it plumb or alter its length is prohibited.

- 4) All exhibitors, their immediate family and any other parties involved in the unethical fitting, showing or misrepresentation of an animal will be subject to award(s) and prize money forfeiture, which may include the forfeiture of auction proceeds; and/or dismissal from the Fairgrounds; and/or being barred from competition immediately in the department in which the violation has occurred and/or from all departments entered; and/or in future competition in the Wisconsin State Fair.
- 5) Read all product labels closely to make sure they do not contain ingredients which may be interpreted as a performance enhancer. Any questions should be directed to Wisconsin State Fair prior to use.
- 6) **Medication received prior to the show:** Animals under the care of a licensed veterinary and/or taking any type of performance enhancing medication which may include but is not limited to steroids, diuretics, anti-inflammatories, tranquilizers, and pain killers are ineligible for competition. Exhibitors with questions regarding medications and/or eligibility should consult with the Wisconsin State Agriculture Director prior to competition. In instances where an animal has been administered a drug that is FDA approved for its species, the exhibitor must be aware that the time it takes for no drug residue to be found in the system is generally longer than the labeled withdrawal time for most drugs. Wisconsin State Fair maintains a ZERO TOLERANCE POLICY for unethically fitted livestock. Adequate time must have passed so the animal does not test positive for drugs upon arrival. Once the animal arrives on the Fair Park grounds, they must remain free and clear of all drug and chemical residues.

#### **ANIMAL INSPECTION/TESTING**

**As a condition for Wisconsin State Fair participation, exhibitors must agree to submit their animal entry to any inspection or tests requested by State Fair Management. Exhibitors must also agree any conclusion(s) reached by State Fair Management as to whether such animal is unethically fitted to be final. Tissue, hair, blood samples and/or carcass evaluations which yield a positive answer to tampering or an unethical practice will be sufficient evidence to remove the rights and privileges of the exhibitor(s) and to be subject to award(s) and prize money forfeiture, which may include auction proceeds; and/or dismissal from the Fairgrounds; and/or being barred from competition immediately in the department in which the violation has occurred and/or being barred from competition immediately in the department in which the violation has occurred and/or from all departments.**

### **Wisconsin State Fair Junior Fitting and Exhibition Rules**

No prize money will be awarded if an animal is dismissed.
- 3) Junior exhibitors must show their own animals unless the Department Superintendent has granted written approval. Exhibitor substitution forms are available in the Superintendent's office.
- 4) Clipping and grooming of exhibits while on the Fairgrounds is to be done by the exhibitor, his or her immediate family, which includes father, mother, sister, brother or (legal guardian or stepparent with proof of relationship), and/or other participating Wisconsin State Fair junior exhibitors. Special consideration to the fitting rule may be granted to other family members in situations where none of the immediate family have project involvement/experience. To request special consideration a “Youth Fitting Rule Waiver Form” must be submitted at the time of entry. Waivers will be reviewed on an individual basis by Wisconsin State Fair Management who reserves the right to further review situations with outside sources. Requests will be approved or denied by email or written response by July 1<sup>st</sup>.** Failure to comply with this rule will result in animal disqualification, immediate exhibitor disqualification and possible future exhibitor disqualification.

Wristbands which are lost or broken must be replaced immediately at the Fitting Superintendent’s office. Failure to have the appropriate wristband may result in disqualification of the animal from exhibition and possible removal of the non-compliant person from the Wisconsin State Fairgrounds for interfering with Junior Fair rules.
- 8) The fitting wristband rules listed above do not apply when an animal needs to be held or moved from one location to another to ensure a safe environment for animals, exhibitors, and Fairgoers, or to provide verbal fitting or showing instruction.
- 9) Compliance: Exhibitors determined to be in non-compliance of any of the junior fitting and grooming rules listed in the “Junior General Rules and Regulations” section or this section will be dealt with in the following manner:

  - d) Enforcement of compliance will be based on visual observation of the infraction by the Wisconsin State Fair Fitting Superintendent or his designee. Video equipment and other technology may be used. Questions or concerns about interpretation and/or compliance and/or other exhibitor’s compliance should be directed to the fitting superintendent or his designee.

## IAFE (INTERNATIONAL ASSOCIATION OF FAIRS AND EXPOSITIONS) NATIONAL CODE OF SHOW RING ETHICS

Exhibitors of animals at livestock shows shall always deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to Junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the "IAFE Code of Show Ring Ethics," fairs and livestock shows may have rules and regulations which they impose on the local, county, state, provincial and national levels.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers, and absolutely

responsible persons who violate the code of ethics will forfeit prize money, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

- 1) All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership and age of all animals entered. Misrepresentation of ownership, age, or any facts relating thereto is prohibited.
- 2) Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.
- 3) Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.
- 4) Animals shall be presented to show events where they will enter the food chain free of violative drug residues. The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter, trainer and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state and provincial statutes, regulations, and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animal's performance or appearance at the event.

If the laboratory report on the analysis of saliva, urine, blood, or other samples taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the laboratory, to which it is sent, is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise.

At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian

- 5) Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, conformation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.
- 6) The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.
- 7) Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.
- 8) No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.
- 9) The application of this code of ethics for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.
- 10) The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have disciplinary action taken by the fair or livestock show for violation of this Code of Show Ring Ethics and any other rules of competition of the fair or livestock show without recourse against the fair or livestock show. The act of entering an animal is the giving of consent that

any proceedings or disciplinary action taken by the fair or livestock show may be published with the name of the violator or violators in any publication of the International Association of Fairs and Expositions, including *Fairs and Expos* and any special notices to members.

- 11) The act of entering of an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read the IAFE National Code of Show Ring Ethics and understands the consequences of and penalties provided for actions provided by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.
