

2011 DAIRY CATTLE

Information may be updated if necessary until entry forms are posted in May.

Superintendent: Butch Ridge, Juneau
Dairy Cattle Office during Fair 414.266.7155

ENTRY CLOSING DATE: JUNE 16th or when barn capacity is reached.
Late entries accepted pending Superintendent's approval.

ENTRY FEES:

Individual Class: \$10.00 per head
Individual Class Late Entry: \$20.00 per head

Group Classes: No entry fee.

Substitutions within the same breed class – No charge
Substitutions within the same breed division - \$10.00

Entries will not be considered unless accompanied by full remittance.

DAIRY SHOW SCHEDULE

<u>Breed</u>	<u>Arrival/In Place</u>	<u>Show</u>	<u>Judge</u>	<u>Release</u>
All Breeds	8/11 – 12:01 am to 10:00 am 8/11 - 10:00 pm through 9 am on 8/12 Cattle must be in place by 8/12 at 9 am	8/14 – 8:00 am	Ron Heffner & Keith Topp	8/14 – 5:00 pm
**A Supreme Champion Female will be selected immediately following the completion of the last show.				
Holstein Futurity	8/11 – 12:01 am to 10:00 am 8/11 - 10:00 pm through 9 am on 8/12 Cattle must be in place by 8/12 at 9 am	8/13 – 5:00 pm	Ron Heffner	8/13 - 9:00 pm

**The breed shows will run simultaneously in two rings starting at 8:00 am. Ring assignments will be determined after entry deadline. Class one in each breed will show before moving to class two in each breed. A detailed show schedule will be available at the Fair.

There will be a limited number of rooms in the **Tommy G. Thompson Youth Center** available August 11th through the 14th. If interested, please contact the Tommy G. Thompson Youth Center, via email at reservations@wisconsin.gov or by phone at 414.266.7042 starting May 1, 2011. There is a limit of three rooms per reservation. A limited number of "one night only" rooms will be available. **PLEASE NOTE:** No alcohol is allowed in the Tommy G. Thompson Youth Center.

Hotels near Wisconsin State Fair Park:

- b) Excel Inn, 115 N Mayfair Rd, Wauwatosa 53226, 414.257.0140.
- c) Forty Winks Inn, 11017 W Bluemound Rd, Wauwatosa 53226, 800.946.5746.
- d) Ramada Limited, 2111 E Moreland Blvd, Waukesha 53186, 262.547.7770.

RULES AND REGULATIONS

- 1) All exhibits will receive the best care and protection the surroundings will afford, but they are at all times subject to the owner's risk.
- 2) Entries, with the proper fees, must be submitted to Wisconsin State Fair prior to June 16th. Entry forms must contain complete information including class number, birthdate, tattoo, name and registration number. Any entries without proper information will be returned. All exhibitors must have valid

- admission to enter the Fair Park August 4 – 14. Admission fees do not include vehicle parking. See the “Open General Rules and Regulations” section on www.wistatefair.com for additional rules.
- 3) All animals must be recorded through a national breed association. The original or a breed association issued duplicate copy of registration is acceptable. Faxes, emails and/or photo copies of registration papers will not be accepted. Animals must be owned or co-owned by the exhibitor prior to the opening day of the Fair and so recorded by the Breed Association. If a herd is registered in the name of different members of a family residing on one farm, and where the herd is one unit, all entries shall be considered as a single exhibitor for Premier Exhibitor, Premier Breeder and Best Three Female Classes. Registration papers on all animals are to be available for inspection at the time of check-in.
 - 4) **Showing:** The breed shows will run simultaneously in two rings starting at 8:00 am. Ring assignments will be determined after entry deadline. Class one in each breed will show before moving to class two in each breed. A detailed show schedule will be available at the Fair.
 - A) All exhibitors are required to wear an official harness when leading animals in the ring. An official harness is defined as a front and back show card harness which is able to receive a 5" X 7" card. Violators will not be permitted to enter the ring.
 - B) It is the exhibitor’s responsibility to have entries ready to enter the showing when show management calls for the class to enter the ring. Show management will determine the deadline for late arrivals. Classes will not be re-run for any animals missing a class. If an animal misses a class the animal cannot be put in another class to be judged.
 - 5) A Dry Cow, which is defined as any cow that was last fresh 280 days or more prior to the day of the show, may be shown at the option of the exhibitor in either the Dry or Milking Cow Class. A cow milked less than 280 days must show in the Milking Class, unless she is recorded dry on the official computer report. This sheet must accompany animals to be shown in the Dry Cow Classes.
 - 6) Milkout: If dairy cows are unduly uddered, the judge may, at his/her discretion, order part of the class or the entire class to be milked out.
 - 7) **New!** The Wisconsin State Fair Red & White Show will be designated as an “All Wisconsin Red & White Show “.
 - 8) **New!** The Champion Holstein Futurity Cow (if entered in the Wisconsin State Fair Open Dairy Show) is eligible to receive an automatic qualification as the Futurity winner into the Grand Champion Holstein Cow Drive on Sunday and need not be shown in its respective open show age class. If shown in the respective age class of the open show, the automatic qualification as the Futurity winner in the Grand Champion Holstein Cow Drive is forfeited. The Reserve Grand Champion Holstein Futurity Cow does not automatically qualify for the Grand Champion Holstein Cow Drive on Sunday.
 - 9) See the “Open General Rules and Regulations” section on www.wistatefair.com for additional rules and information.

MILK HOUSE RULES AND REGULATIONS

The Department of Agriculture, Trade and Consumer Protection’s food safety division recommends all exhibitors obtain a permit (available at the Fair) to market milk through the Wisconsin State Fair milk parlor. Farm names, complete address, number of cows and breeds are needed for a permit. Milk checks will be mailed out from Wisconsin State Fair by November 2011. **Wisconsin State Fair will retain 20% of all milk proceeds to help offset milk house operation expenses.**

Milk house staff will take samples from each cow at the time of milking to check for the presence of antibiotics. Cattle which have been treated are required to be identified with red leg bands. Bands are available from the Milk House staff. Each tank of milk leaving the Fair will be tested for antibiotic adulteration and any positive tests will result in the entire tank being dumped. Exhibitors and/or counties contributing to the loss of a tank of milk will be financially responsible for the loss. A wash towel, stir cup, dry towel and teat dip will be provided by the Milk House staff and must be used for each animal.

Dairy plant sanitarians and health officials check carefully for antibiotic adulteration in all milk. If a permit-holder/exhibitor is confirmed to have marketed adulterated milk in violation of State of Wisconsin Regulations or FDA statutes, that exhibitor will:

- 1) Automatically forfeit premium and milk sale monies for the current year. That money will be applied to the value of the dumped bulk tank or recalled product. The balance must be paid to the Wisconsin State Fair or legal action may be taken.

2) Failure to reimburse Wisconsin State Fair will also result in being barred from exhibiting and participating in other dairy cattle show activities.

T
**THE PUREBRED DAIRY CATTLE ASSOCIATION
SHOW RING CODE OF ETHICS**

Adopted April 3, 2005

Wisconsin State Fair endorses the PDCA rules with the exception of rule #2 in the "Grooming and Preparation" section. Wisconsin State Fair will allow no more than 1.5" of natural hair on the topline.

The showing of registered dairy cattle stimulates and sustains interest in breeding registered dairy cattle. It is also an important part of the promotion, merchandising and breeding program of many breeders. For these reasons, the Purebred Dairy Cattle Association (PDCA) believes it is in the best interest of all breeders of registered dairy cattle to maintain a reputation of integrity in dairy cattle shows and to present a wholesome and progressive image of dairy cattle in the show ring.

The PDCA endorses this Show Ring Code of Ethics for all dairy breed shows and pledges its full cooperative support for its enforcement to show management, show judges and the national breed associations.

The application of this Code of Ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this Code of Ethics. Dairy cattle exhibitors shall at all times deport themselves with honesty and good sportsmanship.

It is recognized there are certain practices in the proper care and management of dairy cattle which are necessary in the course of moving dairy cattle to and between shows that are advisable to keep them in a sound, healthy state so they might be presented in the show ring in a natural, normal condition. At all times, exhibition livestock shall be treated in a humane manner and in accordance with dairy quality assurance practices so as to protect the health, safety and welfare of the livestock and the consuming public. No person shall present for exhibition or exhibit an animal which he or she knows, or has reason to suspect, is affected with or has been exposed to a dangerously contagious or infectious disease, disease, or illegal or non-approved use of drugs, medication and/or prohibited substance or residue.

The position of the Purebred Dairy Cattle Association is all animals presented for exhibition shall be in their natural conformation and structure, free of any alteration or modification by injection or internal or external administration of any substance or by any involvement in unethical fitting.

GROOMING AND PREPARATION

Dairy cattle exhibitions are conducted under standards for evaluating conformation established by the PDCA *Unified Score Card* (1994) with specific breed characteristics taken into consideration by the show judge. In this connection, animals will be groomed and prepared for the judge's evaluation in order to display the animal's natural contour, conformation, performance and mobility.

Specifically:

- 1) External applications of cosmetics that affect only appearance may be used, including by way of example hoof polishes and false switches.
- 2) The maximum allowable length of naturally growing hair anywhere on the topline is not to exceed 1". Exhibitors will be required to comply with this rule before the animal is allowed to enter the ring.
- 3) The addition of foreign objects, including but not limited to hair or hair substitutes, cloth or fiber, to change the natural contour or appearance of the animal's body is prohibited.
- 4) Externally sealing the teat end with a preparation that does not harm the animal's skin is permissible. Natural teat placement will be given preference over artificially positioned teats.

VIOLATIONS: FALSE, DECEPTIVE OR UNACCEPTABLE PRACTICES

These practices are violations of the Code of Ethics and will be reported to show management and may be reported to the respective national breed associations:

- 1) Misrepresenting the age and/or milking status of the animal for the class in which it is shown.
- 2) Treating the animal, particularly the udder, internally or externally:
 - a. with an irritant or counter-irritant,
 - b. using a device to artificially create or enhance the udder crease,

- c. using other substances as detected by testing that causes changes in the udder to artificially improve the conformation.
 - d. plugging of teat canal with foreign substances.
- 3) Surgical or unethical insertion of any matter under the skin or into body cavities performed to change the natural contour or appearance of the animal's body (i.e., administration of fluid via a stomach tube or other similar apparatus to fill the rumen) not to preclude practices required or involved in normal management.
 - 4) Criticizing or interfering with the judge, show management or other exhibitors while in the show ring or other conduct detrimental to the breed or the show.
 - 5) Challenging, threatening or interfering with an ethics committee appointed by show management to monitor the animals on exhibit on the show grounds.

EXHIBITOR RESPONSIBILITY

The act of entering an animal in a livestock show is giving consent by the owner, exhibitor, fitter and/or absolutely responsible person (hereinafter referred to as "Exhibitor") for show management to obtain any specimens of urine, saliva, blood, milk, or other substances from the animal to be used in testing. Materials may also be collected by ultrasound and photographic methods and by direct examination of animal.

The act of entering an animal is giving of consent by the owner, exhibitor, fitter and/or absolutely responsible person (the "Exhibitor") to have disciplinary action for violation of this Show Ring Code of Ethics taken by show management the state in which the show occurs, and/or the national dairy breed association without recourse.

SHOW ETHICS COMMITTEE

Each show should have an Ethics Committee. The make up of this committee should include official breed representatives, representative(s) of show management (e.g., dairy cattle show superintendent, Agriculture Director), the official show veterinarian, and an Extension representative.

The Ethics Committee will be responsible for monitoring violations of the Show Ring Code of Ethics. The Ethics Committee will investigate the report of any violation and determine the accuracy of the allegation. The Ethics Committee will have the authority to inspect animals and related material to determine if violations have occurred.

VIOLATIONS: REPORTING AND INVESTIGATION

Complaints of alleged violations can be reported to the Show Superintendent, show management, and/or the Ethics Committee.

Before an Animal is Shown

If the Ethics Committee suspects a violation of the Show Ring Code of Ethics will occur if the animal is shown and that violation is reasonably well established before the animal is shown, the Ethics Committee will submit a report to show management.

Show management will discuss the violation with the Exhibitor:

- 1) If, at the Exhibitor's discretion, the animal in question is not shown, no violation will have occurred.
- 2) If the Exhibitor wishes to challenge that a violation occurred, he or she will have an opportunity to appeal to the Ethics Committee. If its decision is not changed, the Exhibitor will be denied the opportunity to exhibit the animal in question.

During and After an Animal is Shown

All animals are subject to examination during judging. When a violation may have occurred, a milkout may be called for. This call may be by breed association rule, or by request of an authorized representative of the national breed association, the judge, the Ethics Committee, or show management.

If an animal is exhibited and a violation of the Show Ring Code of Ethics is subsequently suspected, investigated, and determined to have occurred, the violation will be reported to the Ethics Committee and show management for action. The Exhibitor will be notified of the violation and the supporting evidence and invited to defend or explain the allegations.

Violations are subject to the disciplinary provisions of show management in the state where the show occurs and the national dairy breed association. Sanctions may include any one, or combination of the following:

- forfeiture or return of awards, prizes, premiums or proceeds;
- written letter of reprimand to the owner, exhibitor, fitter and/or absolutely responsible person (the "Exhibitor");
- disqualification of the exhibition livestock from an exhibition;
- disqualification of the Exhibitor from the show;
- publication of offense.

Disqualification may include any or all shows and classes and may be for any number of years.

History: Adopted by PDCA in March 1969, revised March 1971, February 1977, February 1981, February 1986, February 1988, February 1989, February 1992, February 1993, November 1995, April 2003; April 2005.

ENFORCEMENT PROCEDURES

- 1) An Ethics Committee, which will include an Ethics Coordinator, an Ethics Veterinarian and assistants appointed by Wisconsin State Fair Management, will be on duty at Wisconsin State Fair.
- 2) The Ethics Committee will be responsible for monitoring violations of the Show Ring Code of Ethics by exhibitors and their representatives.
- 3) During this entire process, the identity of the animal, the owner and/or other involved parties will be kept confidential.
- 4) Complaints of alleged violations may be presented to the Dairy Cattle Show Superintendent, Wisconsin State Fair staff and/or the Ethics Committee.
- 5) All complaints of alleged violations received by the above individuals will be presented to the Ethics Coordinator to determine investigative requirements.
- 6) All findings found by the Ethics Committee will be presented to the Ethics Coordinator.
- 7) The Ethics Committee will have the authority to inspect all animals to determine if violations of the Show Ring Code of Ethics have occurred. To help in this regard the Ethics Committee does have the authority to perform:
 - a) An ultrasound examination of the udder prior to milkout
 - b) A milkout of any individual cow or cows and/or
 - c) The collection and testing of any of the animal's body fluids and/or,
 - d) The use of any other technology which may be useful in determining if a violation has occurred in any animal based on placement, random selection, or suspect characteristics.
 - e) The Ethics Committee may, at any time, require delivery to them any hypodermic syringe, needle, other device, swabs, cloths, other material, or samples of any medicine, preparation, or substance, whether in liquid or other form, in the possession or control of the exhibitor, his fitter, agents or persons acting on behalf of the exhibitor for the purpose of laboratory analysis.
- 8) If the Ethics Committee has found an individual who is not necessarily an owner or exhibitor in the act of committing a violation of the Code of Ethics, he or she will be subject to the same ethics enforcement procedures and possible sanctions as the owners or exhibitors.
- 9) If the Ethics Committee suspects a major violation will occur if an animal is shown and that violation is determined before the animal is shown, the Ethics Coordinator, along with the Dairy Cattle Show Superintendent and the Agriculture Director will determine if a major violation would occur if the animal was shown. The exhibitor will be informed the showing of that animal would result in a major violation of the Show Ring Code of Ethics. If the exhibitor decides not to show that animal, no violation will have occurred.
- 10) Following the judging of the milking cow classes, the Ethics Committee will ultrasound the udders, prior to milkout, of at least the top one third of the milking cow classes with a maximum of ten head per class.
- 11) Following the judging of the milking cow classes, milk samples will be taken from a minimum of three cows in the open show – the Grand Champion, the Reserve Grand Champion and Honorable Mention – and one cow in the junior show – the Grand Champion, with the option of more at the Ethics Committee's request.
- 12) Following the judging of the classes and the evaluation of the ultrasound readings and upon the receipt of the milk sample analysis or other lab reports and reports of eye witnesses or Ethics Committee personnel, the Ethics Coordinator will submit a report to the Dairy Cattle Exhibitors Committee,

- Superintendent and the Agriculture Director if any violations have occurred. This reporting will happen approximately 2 weeks after the end of the show.
- 13) The Agriculture Director will immediately notify the accused individuals a major violation of the Show Ring Code of Ethics has occurred and all of the supporting evidence will be shared confidentially with the exhibitor. Approximately two weeks later an ethics hearing will be scheduled.
 - 14) The Ethics Coordinator and the Dairy Cattle Show Superintendent will present the evidence while maintaining individual confidentiality at a hearing of the Ethics Subcommittee of the Dairy Cattle Exhibitors Committee. This hearing will be presided over by the Chair of the Ethics Committee. The Exhibitor will be invited to defend or explain the allegations and/or have representation at the meeting. The Ethics subcommittee consists of seven people: six dairy committee members, including at least one representative from each breed if possible, and one member of the Wisconsin State Fair Park Agriculture Committee. They will serve as the jury to determine if violations have occurred and suggest what punishments are appropriate for this offense. The guilty verdict must be by a 2/3 majority of the Subcommittee. All actions will be reported to the Wisconsin State Fair Park Agriculture Committee and the Wisconsin State Fair Park Board.
 - 15) The Agriculture Director will immediately inform guilty individuals of the actions of the Ethics Subcommittee hearing. The guilty individuals will have ten days to appeal the verdict allowing for error correcting only and not a re-hearing to the Wisconsin State Fair Agriculture Committee, consisting of 5 directors including one officer who will serve as chair. No Board member may serve on both Ethics committees. After ten days the Board of Director's Ethics Review Committee will determine the final verdict. The final verdict will be reported to the Dairy Cattle Exhibitors Committee and the Board of Directors.
 - 16) If found guilty of a major violation of the Show Ring Code of Ethics, the individual, representative and/or animal will be barred from participating at Wisconsin State Fair for a minimum of one year and up to three years. The identity of the animal(s), exhibitors and/or representatives who are barred will be kept confidential.
 - 17) An animal found in violation of the Show Ring Code of Ethics will not receive any class or futurity premiums from Wisconsin State Fair.
 - 18) The individual, the exhibitor, their representatives and/or the animal guilty of repeating a major violation could be barred from participating at Wisconsin State Fair for life.
 - 19) Barring an exhibitor or representative and/or an individual will result in animals owned fully or in partnership by that individual, farm and/or affiliated entity not being allowed to enter or exhibit in Wisconsin State Fair shows. That individual will also be ineligible to serve on an official committee, as an official judge and/or other official capacity for three years.
 - 20) If a serious violation has occurred, the Ethics Coordinator will report this to the Dairy Show Superintendent who will report this violation to the judge for his or her action placing of the class. In addition, if the judge finds a serious violation, he or she should also utilize this in his or her placing of the class.
 - 21) Additionally, the Ethics Coordinator will report the serious violation to the Agriculture Director, who will issue a letter of severe reprimand to the exhibitor. Repeated violations could be sent to the Dairy Show Ethics subcommittee for further disciplinary action.
 - 22) If a minor violation has occurred, the exhibitor will be notified and asked to refrain from such behavior. The Ethics Coordinator will inform the Dairy Show Superintendent, who can inform the judge of the minor violation or the judge can also determine if a minor violation has occurred in the show ring and use these findings in the placing of the class. The minor violation will be reported to the Agriculture Director and a letter of reprimand will be issued to the exhibitor.
 - 23) The Official Judge or Ethics Committee can also order a milkout for the entire show or for individual classes or animals. When a milkout is ordered for the entire show all group classes must be milked out. After the animals have been milked out, they will be shown again and the judge may alter the placing accordingly.
 - 24) Any serious or major violations uncovered during or after the milkout will follow the same procedures as described above.

PREMIER EXHIBITOR

A plaque will be awarded in each breed show to the exhibitor accumulating the most points in individual classes from their best placing six head. **Andis Co Inc.** will present a cattle clipper to the high-point individual in each breed show. The entries must be owned and exhibited by the exhibitor. Points will be awarded as listed below.

PREMIER BREEDER

A plaque will be awarded in each breed to an exhibitor who will be recognized as the Premier Breeder of the respective show. The award will be based on the following criteria:

Points will be earned in individual class placings.

The top six head at the show from the breeder will be used.

The owner of the dam at the time of service shall be considered the breeder.

Family members of a respective farm will be considered as one breeder.

WISCONSIN STATE FAIR SPECIAL PRODUCTION AWARDS

The Wisconsin State Fair offers awards for excellence in production achieved by females competing in the Open Dairy Show. This recognition will be offered for each breed in each of the classes for cows three years or older in the milk and dry cow classes. 2X-305 day actual records will be used and 3X records will be converted to a 2X basis. The award will be made to the animal with the highest combined fat and protein in each class. A plaque will be awarded to the highest combined fat and protein in each breed. Only official DHI or DHIR records will be recognized. Records must be given to the clerk by the exhibitor for recording by 5:00 pm the day before each breed is shown. Original registration papers for each animal entered must be available at cattle check in. Copies or faxes (except directly from the breed association) will not be accepted.

BREED REGISTRATION REQUIREMENTS

Ayrshire: All animals exhibiting in the Ayrshire Show must be verified as at least 87% Ayrshire by the U.S. Ayrshire Breeders' Association. All animals must be identified by an eartag or tattoo. Animals born after January 1, 2010 must be identified by either an official Ayrshire tattoo (tattoo in the left ear consisting of reserved letters, a number, letter assigned for the birth year) or an American ID tag.

Brown Swiss: Animals eligible to be shown at a National or State Brown Swiss show must have one of the following registration certificates: standard registration certificate (white with a green border) which is issued for registered Brown Swiss females and Certified Identity Enrolled Females (CIE) or Brown Swiss Step II Identity Enrolled (IE) animals (green registration paper with a black border). Animals with other colored papers cannot be shown.

Guernsey: Guernseys must be registered in the herd book as defined by the American Guernsey Cattle Club. A registered Guernsey must have a white registration certificate and recorded as GR on the prefix of the animal name or full herd book status. The animal's identity is determined by a sketch of color markings, or a tattoo in the ear which is recorded on the registration paper, or an ear tag in each ear as recorded on the registration paper.

Holstein: A registered Holstein must be a minimum of 87% RHA to be eligible to show. The animal's identity is determined by a sketch or photograph of color markings, two Holstein ear tags, or one Holstein ear tag and either a tattoo or freeze brand as approved by the Holstein Association USA, Inc. and as recorded on the certificate of registration of the animal.

Jersey: A registered Jersey must have a white registration certificate with green border and recorded as GR in front of the name of the animal or full herd book status. The animal's identity is determined by the American Jersey Cattle Association approved tamper-proof ear tags and/or rule compliant ear tattoos.

Milking Shorthorn: Animals must be registered with the American Milking Shorthorn Society. Animals are eligible to show as long as the registration paper does not state "Not Eligible to Show". The animal's identity is determined by a tattoo or a permanent NAIS tag.

Red & White: Animals must be registered in the Red & White Dairy Cattle Association prior to the show. The owner must be a member of the Red & White Dairy Cattle Association. Animals must be true red; no brindles or black-reds.
